PFS

PERFORATED SIDE-FOLDING ACCORDION DOOR

SECURITY WITH A VIEW.

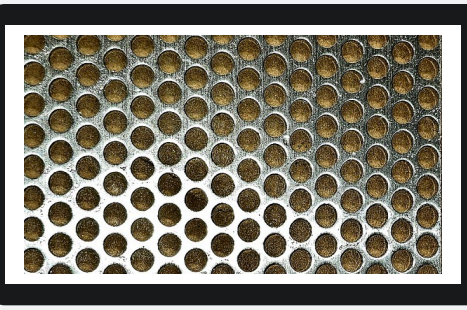

Perforated aluminum protection that keeps merchandise visible and allows airflow.

CURVED STOREFRONT INSTALLATION

PANEL + LOCKING DETAIL

PERF PATTERN

Round-hole perforations provide visibility and ventilation while helping limit reach-through access.

PERFORATED ALUMINUM / ENLARGED DETAIL

STANDARD FEATURES

- Perforated aluminum panels in an accordion-style door
- Adjustable roller bearings and stems help maintain clearances
- Zinc-plated stem bolts
- Straight or curved layouts; custom curves available
